

inc/poncho\_rdc.h

```
graph TD; A[inc/poncho_rdc.h] --> B[stdint.h]; A --> C[stdbool.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'inc/poncho\_rdc.h' has two blue arrows pointing downwards to two white boxes. The left arrow points to a box labeled 'stdint.h', and the right arrow points to a box labeled 'stdbool.h'. This indicates that 'inc/poncho\_rdc.h' includes both 'stdint.h' and 'stdbool.h'.
